

COMPLETE WORKWEAR SOLUTION

www.farooqgarments.com

Profile

We are an ISO 9001:2000 certified vertically integrated composite textile industry in Pakistan with entire control from yarn to finished garments. We make garments in different count & constructions in different blends, weave, weight (gsm), color, etc. As per the requirement of our esteem buyers.

VISION

to be at the helm of cutting edge innovation when it comes to technical fabrics, ensuring that we create materials of unmatched quality and strength.

MISSION

our mission is to grow a composite textile industry and make a global impact as a manufacturer of a wide range of industry specific textile products. We encourage a spirit of progression and harmony among our employees in a positive work environment, contributing to the organic growth of the company as a whole.

FABRIC GUIDE

GENERAL WORKWEAR

- 100% Cotton twill 3/1, Reactive Dyed 60°C fast color OR Vat Dyed 90°C fast color, Mercerized & Sanforized (pre-shrinkage) Fabric made of a special twill weave which ensure outstanding resistance to abrasion and shrinkage. its comfort and ability to let the skin transpire come from the 100% natural fibre composition. its can be either water-washed at a maximum temperature of 85°C or and dry-cleaned, keeping its color and dimension at each washing 65% Polyester 35% Cotton twill 2/1, Long lasting fabric which ensures color stability, washing and abrasion resistance. Its can me be either washed at a maximum temperature of 60°C or dry-cleaned, keeping color during time.

SPECIAL FINISH

- Stains are never in. That's why there's Scotchgard™ Protector stain release finish to help most stains wash out during normal laundering, while clothing stays soft, breathable and natural You expect more from your clothing. You want soft, breathable fabrics and easy care. And **protection from the little spills** and accidents that come with a busy, active life. So, no matter what life throws at you, Scotchgard™ Protector keeps your clothes looking good longer

FLAME RETARDANT

FLAME RETARDANT

- 100% Cotton, 100% Comfort, 100% Flame-Resistant, EN-11611, 11612, (Suspended Standards EN-531,EN-532, EN-533, EN-469,EN-470-1)

"FR" Flame Retardant Cotton Garments offer unbeatable protection for foundries, flame cutting and welding and electric utilities and chemical, oil, gas and petrochemical industries FR-COTTON apparel is permanently treated to guarantee flame resistance for the life of garments

FLAME RETARDANT PLUS ANTISTATIC

FLAME RETARDANT PLUS ANTISTATIC

- 98% Cotton 2% Antistatic, Flame-Resistant plus Antistatic carbon Nega-State® EN-11611, 11612, 1149-3 (Suspended Standards EN-531,EN-532, EN-533, EN-469,EN-470-1)

"FR" Flame Retardant+Antistatic Carbon fabric are combination of Cotton and Antistatic Nega-State carbon yarn P190 which has been designed to provide optimum antistatic protection Garments offer unbeatable protection in ground and underground, specially usage electric utilities and chemical, oil, gas and petrochemical industries FR-COTTON+Antistatic apparel is permanently treated to guarantee flame resistance for the life of garments

- NOMEX IIIA by DuPont (93% Nomex Aramid, 5% Kelvar, 2% P140 Antistatic carbon) LIGHT WEIGHT. BREATHABLE. INHERENTLY FLAME-RESISTANT. EN-11611, 11612, 1149-3 (suspended Standards EN-531,EN-532, EN-533, EN-469,EN-470-1) At DuPont, we believe the standard for safety should always be a higher standard. So we engineered Nomex® III A to help give workers dependable protection against fire hazards.

HOSPITAL WEAR

- **100% Cotton twill 3/1**, Reactive Dyed 60°C fast color OR Vat Dyed 90°C fast color, Mercerized & Sanforized (pre-shrinkage) Fabric made of a special twill weave which ensure outstanding resistance to abrasion and shrinkage. its comfort and ability to let the skin transpire come from the 100% natural fibre composition. its can be either water-washed at a maximum temperature of 85°C or and dry-cleaned, keeping its color and dimension at each washing
